

CLOUD-HOSTED SOLUTION

When you sign up for our Cloud-Hosted service, Alexandria will manage all of your data, monthly updates, backups, and maintenance. Not only does this reduce the amount of expensive hardware and software your library will need to maintain servers, but it frees up time to focus on what you do best.

Whether or not you have your own dedicated IT staff, Alexandria is designed to be a breeze to manage and maintain.

Move to Alexandria Cloud-Hosting, it's fast and simple. You can have a worry-free library up and running in no time at all!

Benefits of the Cloud

We do it all for you, including:

- Daily data archives backed up by us
- Setup included – no software installation or maintenance required
- Updates handled automatically by our expert technicians
- No need to involve IT
- Operating budget with predictable payments
- Reliable bandwidth and uptime

Any Device, Any Place, Any Time

With Alexandria, you have the power to:

- Access your catalog from anywhere – even your home!
- No need for apps, connect from any browser
- Can be used on any internet-ready device

24/7 Customer Support

The only library software to provide:

- 24/7 live support for anyone in your organization
- Message Center and email support
- Live database assessments and remote diagnostics
- Instructional recordings and live webinars

Automatic Updates + Upgrades

Each Alexandria release brings:

- The latest Alexandria enhancements and refinements
- Exciting new features and increased performance
- Support for operating system updates and security
- Useful improvements based on your feedback
