Alexandria®

MITINET®
LIBRARY SERVICES

With up-to-date, accurate metadata for better discoverability, you'll increase circulation and extend the value of your library's collection. **Mitinet® sets the standard in metadata management.** Alexandria® is the **ONLY** library management system with native integration with Mitinet's best-in-class online MARC management systems, making processing and maintaining your MARC records fast, easy and convenient.

DISCOVERY WITHOUT LIMITS

No matter your library's needs, we work with you to create your perfect virtual cataloging solution.

Alexandria® AnalyzeMARC
Powered by Mitinet® Library Services

AnalyzeMARC is a fully-integrated utility within Alexandria that allows you to perform and receive a comprehensive analysis of your catalog's MARC data.

Alexandria® EnhanceMARC
Powered by Mitinet® Library Services

EnhanceMARC is entirely integrated within Alexandria, allowing for MARC data enhancements such as award notes, reading programs, and more.

Alexandria® BestMARC
Powered by Mitinet® Library Services

In addition to the power of EnhanceMARC, BestMARC subscribers will have full access to features such as record source and workflows through Mitinet's web-based software portal.

We at Alexandria are dedicated to providing you the tools to succeed. That is why we are the ONLY library automation software to partner with Mitinet for complete MARC data automation!

COMPARE SUBSCRIPTIONS
