

Alexandria® in Resource Centers

Resource Center Without Limits

Alexandria 7 doesn't just manage books, it's the perfect tool for managing all of your resources! Alexandria makes it easy to consolidate all of your equipment and other assets into one central location, which improves community accessibility. Streamline your entire resource management process by providing patrons a variety of ways to search your collection, along with a helpful framework for reserving and borrowing the items they need.

Accessibility • Customization • Support

**Alexandria's versatility allows for any item to be catalogued.
Don't worry – items not available to students can be turned off from their view.**

Advanced bookings with both Reservations and Holds.

Easily add kits and other items that are not books.

Full access to Marc records to customize and add notes to the kit. Drag and drop pictures for said kits.

Use Slideshows to display new or promoted kits.

Automated reports to remind faculty when items are due.
