SWITCH TO 7

YOUR LIBRARY WITHOUT LIMITS

Unleash Alexandria's Full Potential

Why Switch to 7?

- Brand new customizable interfaces
- Faster, more streamlined results
- Ability to integrate all your resources
- Emails for monetary receipts
- 100% web-based – no app needed

We can get you up-and-running in 24 hours! Learn more by scanning this code:

Access Without Limits

Alexandria is fully web-based and accessible on any browser without the need to install special apps. Take advantage of 1:1 initiatives with iPad accessibility and capabilities to work from anywhere.

Search Without Limits

Customize your Item records to include whatever genre(s) you choose. Our new Browse interface virtually genre-fies your collection. New Slideshow, Explorer Builder, and Scout functionality.

Update Without Limits

Automatic software releases with the latest features and enhancements when you subscribe to our Cloud Hosted solution. No server expense, software installation, or maintenance. Zero apps means zero time updating individual devices.

Customize Without Limits

Make your library the hub of the school with Bulletin Board and customizable interfaces including Policies, Preferences, Items, Labels, Reports, etc.

Integrate Without Limits

Our SIS Integration bundle now includes GG4L and Clever! This means you can benefit from automatic updates on student and teacher roster information each day as well as other add-on partners such as Mackin, Mitinet, Overdrive, and more!

Support Without Limits

Our unlimited support is available 24/7, 365 days a year. Your entire staff is can call anytime to get any question answered! Online training videos, webinars, blog posts, and guides are also available absolutely free!
