

Why can't I find it?—Tips for using Search

August 17th, 2020

Miss Honey's school library has started remote holds and checkouts, which means using Search *a lot* more than before. While Search is powerful and flexible, sometimes it's a little tricky to find what you're looking for... Are there any tips for using it effectively? Is there anything she, as a librarian, can do to make things easier to find? Yes and yes!

Check out our new [How Search Works](#) article for tips on using Search and tools librarians can use to help out. Psst... there's even a free printable you can send your patrons. Happy searching!

The new article is primarily for those using v7's Search. Still on version 6? [Learn about switching to Alexandria 7!](#)
