Overview

This page has been moved to <https://support.goalexandria.com/add-ons/mitinet/>

MARC record management powered by Mitinet® is now available as an exclusive Alexandria integration. [Contact our Sales Team](#) if you're interested in adding it to your library!

Mitinet sets the standard in metadata management. Virtual cataloging offers quick and convenient ways to analyze, enhance and standardize your MARC data. Make your catalog more helpful and discoverable by adding reading program information, converting to [RDA format](#), fixing tags, genrefying, and more!

Benefits

There are three Mitinet services that help libraries manage their MARC records.

Alexandria AnalyzeMARC powered by Mitinet

Mitinet AnalyzeMARC is a fully-integrated utility within Alexandria that allows you to perform and receive a [comprehensive analysis](#) of your catalog's MARC data!

BestMARC

BestMARC analysis of your catalog through the [Mitinet AnalyzeMARC utility](#), which includes...

- Holdings by Location
- Collection Types Statuses
- AACR2/RDA Cataloging Standards
- MARC Record Fields Status
- Brief Record Summary
- Award Notes
- Subject Headings
- Reading Programs
- Duplicate Records Summary

Last Updated: `$actionRecordFieldMARCRecordStatus($document.getLastModificationDate())`

Alexandria EnhanceMARC powered by Mitinet

EnhanceMARC is entirely integrated within Alexandria, meaning MARC data enhancements can be made from within Alexandria's interface. No exports or imports necessary!

- **Enhance your records** with the [Mitinet EnhanceMARC utility](#), including...

- Award Notes
- Reading Programs
- Subject Headings
- Record Repair
- RDA Conversion

Alexandria BestMARC powered by Mitinet

In addition to the benefits of AnalyzeMARC and EnhanceMARC, BestMARC subscribers will be able to send records from Alexandria to their BestMARC account for advanced analysis, enhancement, and editing. When finished, those improved records can be sent back to Alexandria with the click of a button.

After using the [Mitinet BestMARC utility](#) to send records to BestMARC, users have access to...

- **Record Source & Cataloging.** Search, original cataloging.
- **Subject Explorer.** Find and add new subjects.
- **Global Editing.** Create and save powerful instructions to make batch changes to your database. *(Not included with BestMARC Standard)*
- **Workflows.** Combine Enhancements and Global Edits sequentially for easy processing. *(Not included with BestMARC Standard)*
- **Lists & Selections.** Focus on smaller groups of records. *(Not included with BestMARC Standard)*
- **Checkpoints.** Side-by-side record comparison, undo changes.
- **Collaboration Tools.** Account Management, Sharing Features.

If you send records from Alexandria they will include a title record number; when sending records back from BestMARC to Alexandria, Alexandria will look for the title number (rsn); if none exist, it will match on title+isbn per standard import rules.

Alexandria BestMARC Standard powered by Mitinet

BestMARC subscribers will be able to send records from Alexandria to their BestMARC account for analysis, enhancement, and editing. When finished, those improved records can be sent back to Alexandria with the click of a button.

After using the [Mitinet BestMARC Standard utility](#) to send records to BestMARC, users have access to...

- **Record Source & Cataloging.** Search, original cataloging.
- **Subject Explorer.** Find and add new subjects.
- **Checkpoints.** Side-by-side record comparison, undo changes.
- **Collaboration Tools.** Account Management, Sharing Features.

Mitinet and Alexandria Terms

- **Alexandria AnalyzeMARC powered by Mitinet.** MARC database analysis tool.
- **Alexandria EnhanceMARC powered by Mitinet.** Automated enhancements to MARC records.
- **Alexandria BestMARC Standard powered by Mitinet.** MARC record sourcing with automated cataloging and editing.
- **Alexandria BestMARC powered by Mitinet.** MARC record sourcing with automated cataloging, editing, workflows and collaboration tool.

Onboarding

Interested in getting some Mitinet services for your library? Here's what you'll need to do!

Alexandria EnhanceMARC powered by Mitinet

1. [Contact Alexandria's Sales Team](#) to add EnhanceMARC to your license.
2. Once EnhanceMARC is activated, you can use the utility in Alexandria.

Alexandria BestMARC powered by Mitinet

1. [Contact Alexandria's Sales Team](#) to add BestMARC to your license.
2. Once BestMARC is activated, you can use all Mitinet utilities in Alexandria—though you'll want to set up your BestMARC account first.
 - a. In order for the [Mitinet BestMARC utility](#) to work (and to send records from BestMARC to Alexandria), **you need to link your BestMARC and Alexandria accounts in [BestMARC Preferences](#).**
3. Within 48 hours, you will receive a welcome email from Mitinet with the URL and login credentials to access BestMARC's web-based software portal.
4. A Mitinet representative will contact you to help set up your profile in BestMARC.
 - a. Note there is a special Alexandria Site ID field in your BestMARC settings that sets a default site when you manually add copies in BestMARC.
5. Your Mitinet representative will then set up a training to help you get started with BestMARC. Additional trainings may also be set up if you need more to feel comfortable with BestMARC.

Alexandria BestMARC Standard powered by Mitinet

1. [Contact Alexandria's Sales Team](#) to add BestMARC Standard to your license.
2. Once BestMARC Standard is activated, you can use the Mitinet BestMARC utility (minus the Options tab) in Alexandria—though you'll want to set up your BestMARC account first.
3. In order for the [Mitinet BestMARC Standard utility](#) to work (and to send records from BestMARC to Alexandria), **you need to link your BestMARC and Alexandria accounts in [BestMARC Preferences](#) > [Link Account](#).**
 - a. If you don't already have a BestMARC account, click the link in the dialog to create a new account, or go to <https://www.best-marc.com/Account/Register.aspx?c=ALEXANDRIA>.
 - b. Look for an email from Mitinet to verify your account.
4. Note there is a special Alexandria Site ID field in your BestMARC settings that sets a default site when you manually add copies in BestMARC.

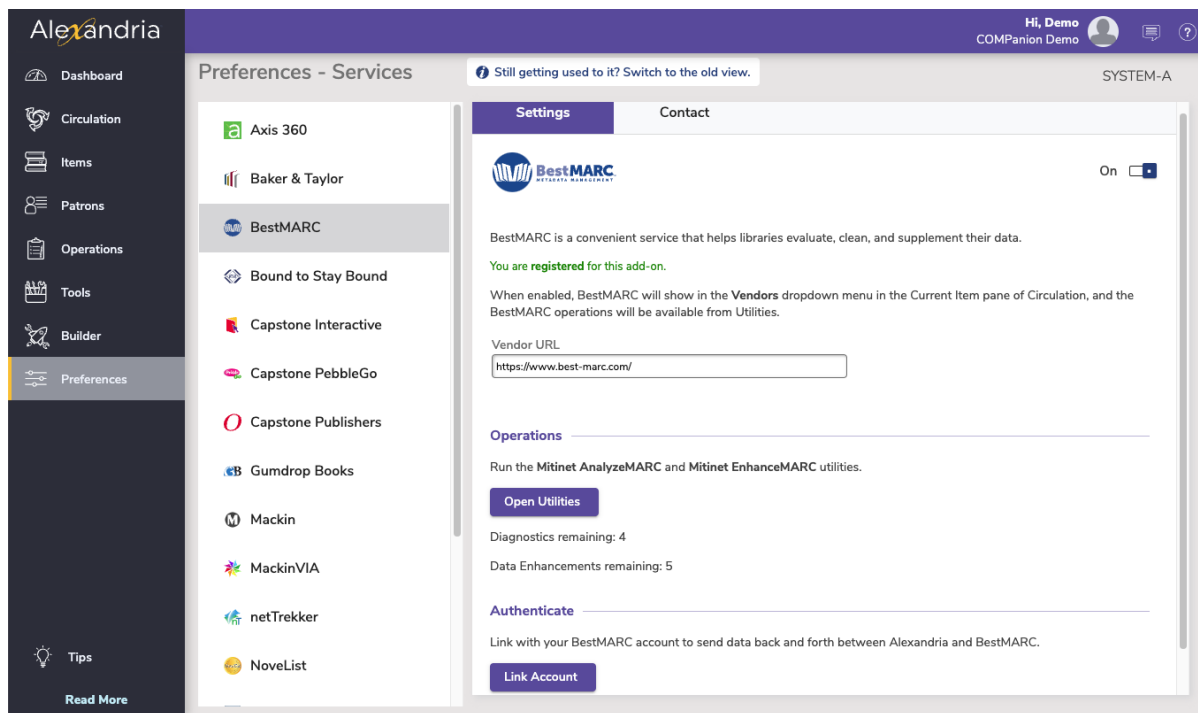

Frequently Asked Questions

Whom should I contact for technical support?

Questions about imports should be directed to [COMPanion Customer Support](#), and questions about orders, MARC record quality, or any other MARC information should be directed to [Mitinet's support team](#).

Preferences

BestMARC

Settings

Enable BestMARC. When enabled, BestMARC will show in the Vendors dropdown menu in the Current Item pane of Circulation. Regardless of whether BestMARC is enabled or not, the BestMARC operations will show up in Utilities.

Vendor URL. This field contains BestMARC's current web address and is used mainly for reference.

Operations. Run the [Mitinet AnalyzeMARC](#), [Mitinet EnhanceMARC](#), and [Mitinet BestMARC](#) utilities.

Authenticate. In order to use the [Mitinet BestMARC](#) utility, you need to link your BestMARC and Alexandria accounts so they can send records back and forth. You'll only need your BestMARC username and password.

Authenticate is a user preference. Alexandria and BestMARC accounts are linked per user.

Best Practices

Best Practices

Here are some general recommendations for getting the most out of our Mitinet services.

Run the [Mitinet AnalyzeMARC](#) utility once a year.

Although you can run [this utility](#) and get a diagnostics report up to four times a year, we recommend doing it once per year (during summer or winter break). This allows you to check on your MARC records and do potential cleanup when things aren't busy.

Run the [Mitinet EnhanceMARC](#) utility once a month.

Although this utility can be run more often than that, once a month is what we recommend. And you may not need to use the same options each time! For example, while you'll probably want to update reading program information every time, you may only want to do an RDA conversion once a year.

Check out [BestMARC's Enhancements documentation](#) to learn about all of the [Mitinet EnhanceMARC utility](#)'s options. That way, you can decide which to use for your library and how often.

Be careful changing punctuation.

For the [Mitinet EnhanceMARC utility](#), we do not recommend using the **Update Punctuation** option as it's unnecessary in Alexandria and records look better without it.

If you decide not to use this option, you may notice unresolved punctuation errors in your AnalyzeMARC diagnostic. That's okay.

Test options with one title.

The [Mitinet EnhanceMARC utility](#) has a lot of options for modifying MARC data. To learn what they do and if you would like to use them, you can reference [BestMARC's Enhancements documentation](#) or simply test them out with only one title selected. Then you can easily see what the changes look like.
