

# Ch-ch-ch-changes to Reports

November 1, 2021

We have lots of useful reports here at Alexandria, and we are always working on ways to improve them. We've done some reorganizing! Here's the 411:

The screenshot shows the Alexandria Reports interface. On the left is a 'Categories' sidebar with a tree view containing: All Reports, Patrons, Titles, Copies, Circulation, Statistics / Usage, Charges / Payments, Holds, Inventory, Collection Analysis, Study Programs, Interlibrary Loans, Special, and Legacy. The main area has tabs for 'Quick' and 'Saved' reports. Below these is a 'Reports' section with a search filter. A long list of report names is displayed, including: Accelerated Reader Information, Account Expiring Notice, Account Introduction, Activity Summary, Archived Copies (Legacy), Brief Analysis, Charges and Overdue Fines, Charges and Overdue Fines - Charges Only (Legacy), Charges and Overdue Fines - Complete (Legacy), Charges and Overdue Fines - Fines Only (Legacy), Coming Due Items Notice, Command Barcodes, Copies Inventoried, Copies Not Inventoried, Copy Information, Copy Labels (3x10) -- Barcode Labels, Envelope Labels, Info Labels, Copy Labels (4x20) -- Study Programs, Small Labels, Envelope Labels, Copy Labels (5x10) -- Spine Labels, Copy Labels (5x10), Variable -- Spine Labels, Copy Labels (8x6, Tall) -- Spine Labels, Study Programs, Copy Labels (8x6, Tall), Variable -- Spine Labels, Study Programs, Copy Labels (8x6, Wide) -- Spine Labels, Copy Labels (8x6, Wide), Variable -- Spine Labels, Copy Monthly Usage, Copy Monthly Usage Detailed, Copy Status, and Copy Status Details.
