People Management UI

People Management allows an Operator to add People, edit History, and update information. The left side is a list of people. The right shows the information associated with the person currently selected on the left. On the right hand there are tabs for; Overview, Information, Classification, Access, and Checks. Above the tabs are the control features Lock/Unlock, Actions, Revert, Save, and Help. Below the People list on the left you'll find the Add, Qui ck Search, and Search features.
