## How To

To access Authority Control to modify your grade terms, navigate to Tools > Authority Control > Patrons > Grade.

Then, use the actions menu **Sec** to "remove unused grade terms." Next, modify the grades by selecting a grade, clicking **Edit Term**, and then confirming the changes.

Once you have made any changes needed, you can see your grade table in **Preferences > Patrons > Grade Table**, where you can advance the grades when you're ready.
