

Sneak Peek

This page has been moved to <https://support.goalexandria.com/add-ons/sneak-peek/>

Sneak Peek is an optional Alexandria integration. [Contact our Sales Team](#) if you're interested in adding it to your library!

Sneak Peek

If you have licensed use of Sneak Peek, click on the associated icon in the Search Add-Ons section of the System Preferences window. The preference settings in the Sneak Peek tab determine whether or not you are allowed to search this additional resource.

Do your patrons have access to cover images, summaries, and reviews for all the titles in your collection?

Alexandria's Sneak Peek offers a wealth of descriptive information and cover images relating to all types of books—from juvenile chapter books to conference proceedings. Sneak Peek allows your patrons to enjoy title reviews written by trusted publications (including School Library Journal, Booklist, and Library Journal), title summaries (to skim before check out), and cover art images. Hyperlinks in the Search interface will connect your patrons to these enhancement resources—all displayed within your default web browser.

With Sneak Peek, you'll have access to more than 5.3 million ISBNs with associated data elements—with new content being added or updated on a weekly basis.

The screenshot shows the Alexandria system preferences window. The left sidebar contains navigation links: Dashboard, Circulation, Items, Patrons, Operations, Tools, Builder, Preferences (selected), and Tips. The main content area is titled 'Preferences - Services' and lists various add-ons: Capstone PebbleGo, Capstone Publishers, Gumdrop Books, Mackin, MackinVIA, netTrekker, NovelList, OverDrive, Perma-Bound, Perma-eHub, SAFARI Montage, and Sneak Peek (highlighted). The Sneak Peek settings tab is active, showing a toggle switch set to 'On'. Below the toggle, there is a description of Sneak Peek and a section for configuration. The 'Vendor URL' field contains 'http://www.syndetics.com' and the 'Sneak Peek Code' field contains 'comptestcode'.

Settings

- **Enable Sneak Peek.** Checking this box enables Sneak Peek functionality and interface elements. Default is checked.
- **Vendor URL.** This field is used mainly for reference; although, it can be updated if Syndetics ever changes their web addresses. The default is: <http://proquest.syndetics.com/#>
- **Sneak Peek Code.** In this field, enter the code that activates Sneak Peek. This code will be made available to you after you have registered your subscription to Sneak Peek.

Using Sneak Peek

- The **Sneak Peek** icon is located in the bottom left hand corner of a completed **Search** window.

The screenshot shows the Alexandria system interface. On the left is a dark sidebar with navigation links: Dashboard, Circulation, Items, Patrons, Operations, Tools, Builder, Preferences (highlighted), and Tips. The main content area is titled 'Preferences - Services' and includes a notification: 'Still getting used to it? Switch to the old view.' Below this is a list of services: Capstone PebbleGo, Capstone Publishers, Gumdrop Books, Mackin, MackinVIA, netTrekker, NovelList, OverDrive, Perma-Bound, Perma-eHub, SAFARI Montage, and Sneak Peek (highlighted). The 'Contact' tab is active, displaying a form for contact information. The form fields are organized into two columns: Contact Name (Neil Trent), Customer Service Phone (1.800.347.4942), Title (Shop Assistant), Customer Service Email (support@goalexandria.com), Email Address (oldcuriosity@goalexandria.com), Customer Service Fax, Phone Number, Address (Address line 1, Address line 2), Mobile Phone Number, City, State/Province, Postal Code, Fax Number, and Country. A large text area for Notes is at the bottom.
