SIS Integration

Advanced Bookings

District admins can now push preferences across all sites.

Preferences

Essentials

Updated: \$action.dateFormatter.formatDateTime(\$content.getLastModificationDate())

Patrons

Select new patron defaults, set grade table preferences, and add Lexile values.

Items

Select new item defaults, link imported items to specific policies, manage your catalog classification system, and control cover art options.

Circulation

Control displayed content, configure general circulation settings, customize receipts, and manage patron notice messages.

Advanced

Codes

Manage a list of operator-defined condition and damage codes.

Circulation Groups

Track groups of items by transaction.

Circulation Groups have been temporarily restored but will be moving to Textbook Tracker only soon.

Z39.50

Add, edit, test, or remove z39.50 server addresses and store them in sets.

Sounds

Configure the sounds that play when specific program events occur.

Setup

Configure some basic preferences when first setting up Alexandria, such as email and terminology.

Addons

Services

Access optional third-party software components and Alexandria add-ons.

SIS Integration

Use Clever, GG4L, or SIF to share database information among various applications.

Advanced Bookings

Manage and customize reservation emails and booking notices.
